## Inspection summary for children and young people

Thank you to all those children and young people who completed a questionnaire and talked to us during the recent inspection of Anglia Fostering Agency. It was good to hear about your contact with the fostering service.

We think that they are good in how they support you. During the inspection we found:

The fostering agency that your carers work for is very good. It helps to make sure that you do well in school and are safe and well looked after by your carers. People who work for the agency think hard about which children should live with which carers. This helps to make sure that children are safe and happy.

Foster carers get good training to help them look after you. Their placement managers from the agency help them to do this and talk to them about it. In a few cases carers have had to wait a little while for training, but it is mostly OK. Some of the records that the agency keep could be more detailed, but they are working on this.

Children and young people have said that they feel safe in their foster homes and that they would know how to make a complaint. There is some information on making a complaint in the children's guides, but in the one for younger children there needs to be a bit more. You get information on things like bullying and keeping yourself safe from leaflets and the children's website. You get chances to speak to people from the agency and to say what you think.

Carers enjoy working for the agency. They feel that the agency looks after them and helps them to be good carers.

You can read the full inspection report on our website [www.ofsted.gov.uk/inspection-reports/find-inspection-report](http://www.ofsted.gov.uk/inspection-reports/find-inspection-report).

What you think about the fostering service is really important to us. Each year you can tell us your views about Anglia Fostering Agency through an online questionnaire. You can find out how and when you can do this from the fostering service, Children in Care Councils or by contacting us.

We want to make sure you know what our inspections are about and there is a video on our website which tells you about them.

We hope this shows how important your views are to us and that you will take part in future inspections.

If you have any questions please contact us on 0300 123 1231 or at [enquiries@ofsted.gov.uk](mailto:enquiries@ofsted.gov.uk).

Thank you.

Clive Lucas
